No one will stop to question Groenback's definition of the "solid south." "The bloodiest and meanest despotism of the civilized world."

The News man has privately announced that he will not vote at the coming presidential election. It is just as well, for neither party wants any assistance from him.

If Hancock would only give his views on the subject of tissue balls, ball-dogging, Chisholm murders and shot gun campaigning generally for the crime of being a Republican, he would score two to his chorus of success.

The strict fidelity of the operations of Government seem to have no parallel in American history. Not a dollar of peculation, and only three "eights of one per cent loss in collection and still the Democrats clamor for a change.

Is it so? It is said there are only two Greenback nominees for Congress in this third state of the Union. The party will hardly keep their numbers good in Congress, and the prestige of weakness is not apt to stiffen the upper lip.

Owing to the inclemency of the weather the address of Frank A. Pettibone, Esq., and the parade of the Ashtabula mounted torch light company did not take place last Wednesday evening. He will however address our citizens at an early day for which due announcement will be made.

The Greenbackers of the XIXth District held their Convention at Warren Sept. 21. It was well attended and some enthusiasm manifested. The Rev. W. H. Miller, of Trumbull county, was nominated candidate for Congress, and R. P. Harmon, of Kirtland, for the district.

Judge Cadwell of Cleveland was rusticated among friends in Ashtabula and Jefferson the latter part of last week. The Judge bears the appearance of enjoying Judicial life and a clear conscience.

Yes, a good, staunch Republican always has a clear conscience.

The figures on the vote in Maine, as announced by Democratic authority, show that the Republicans increased their vote this year over last 4,927, while the Fusionists increased theirs but an even 4,000. The Fusionists lack 312 of a clear majority, while last year they had a clear majority of 358. And yet Hancock claimed a glorious victory.

How is it? In Alabama the Democracy snuff out the Greenbackers with the appliances of force and blood. In Maine the Democracy go into the Greenback camp and cunningly allow them to take all the candidates. Then, when the election is over, they generously furnish the wind instruments with which to do the blowing. What a glorious party that Democratic party is. How our admiration inflates to think of it.

That letter of Gen. Hancock on Southern claims, is a very good one and calculated to do good. It had some influence in strengthening the market on the day of its appearance. It is a plausible utterance, but it will hardly bear a close criticism as our correspondent E. has shown. Gen. Hancock will look in vain for the approval of the Solid South. We rather conclude that the declaration of Bob Tombs, that if Hancock does not manage things as they wish, down there the Solid South will manage them for themselves, and General Merritt will submit. The tone of the latter has created a tremor among the "Solid."

WHY THE SOUTH IS SOLID FOR HANCOCK AND ENGLISH.

From the Staunton Valley Virginian.

Consider what Lee and Jackson would do were they alive. These are the same principles for which they fought four years. Remember the men who poured forth their life blood on Virginia's soil, and do not abandon them now. Remember them now. Remember that upon your vote depends the success of the Democrats—Wide Hampton, at the meeting in the interest of Democratic harmony in Virginia, at Staunton, July 26, 1880.

The Greenback Convention which was held in Maine, on the 21st ult., comprised four hundred and sixty-five delegates. The chief object was to decide whether the present coalition should be maintained until after the presidential election and a fusion electoral ticket placed in the field. Resolutions in favor of coalition were adopted. Solon Chase opposed this action and declared himself in favor of a straight Greenback ticket, but he was voted down, and four Greenbackers and three Democrats were nominated for electors. At large: Solon Chase and Samuel Watte. After the adjournment of the regular convention, the straight Greenbackers, comprising about one hundred and forty in number, met and placed in nomination another electoral ticket, excluding all the names on the first ticket except Solon Chase, J. P. Turner and C. R. Widdin. The second convention also adopted the following resolution:

For the enlightenment and encouragement of our Greenback brethren in other states, we, the straight Greenbackers of Maine, in convention assembled, declare that there is a Greenback party in Maine pledged to the interests of the whole people; that Fusion and confusion in this state was due wholly to the exigencies of state issues, and that in National matters we vote with our brethren elsewhere in the Union, for Weaver and Chambers.

The late election shows the state to be very close; and if the Greenbackers adhere to the foregoing resolution, the probabilities are that the electoral vote of Maine will be cast for Garfield.

The Grayback and Greenback coalition has been consummated in Maine, the Standard tells us—the first taking three and the latter four of the electors to which the state is entitled.

A Big Success.
"My wife had been ailing a long time with dyspepsia and nervousness and was in bed two years with a complication of disorders her physicians could not cure, when I was led by reading a circular left at my door to try Parker's Ginger Tonic. Having been so often deceived by worthless mixtures nothing but my wife's dangerous condition could have led us to make any more experiments. But it was a big success. Three bottles cured her, at a cost of a dollar and fifty cents, and she is now as strong as any woman, and regularly does her household duties."—H. D., Buffalo. See other column. 2-5.

Female weakness, acidity of stomach, liver and kidney diseases, non-retention in children (or setting the bed) have all been cured in a great number of cases by using Barossa, Liver and Kidney Cure.

Strong Evidence.
I have sold at retail price since the 4th of December last 108 bottles of Dr. Thompson's Electric Oil, guaranteeing every bottle. I must say I never sold a medicine in my life that gave such universal satisfaction. In my own case, with a badly Ulcerated Throat, after a physician prescribing it for several days to no effect, the Electric Oil cured it thoroughly in twenty-four hours, and in threatened croup in my children this winter it never failed to relieve almost immediately. C. R. Hall, Grayville, Ill., March 26, 1880.

There is nothing so difficult as the art of making advice agreeable, and there is no advice more generally endorsed by the public than to use Spring Balm in cases of Dyspepsia, Biliousness or Disordered Stomach.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, &c., should try them. Oct.
